

**WHY TAKE THE
AFTERNOON OFF
AND JOIN OUR
CALL FOR AN END
TO WAR IN IRAQ?**

BECAUSE...

Monday, September 26th is a day to focus on de-funding the war, defending our communities.

Let's put the focus on House Minority Leader Nancy Pelosi by surrounding her office in massive numbers.

Your presence will make a huge difference!

Pelosi is the House Minority Leader, but she hasn't been leading us out of Iraq.

She says the war is wrong, but she keeps voting to fund it.

She won't support other Congressional efforts to get our troops out of Iraq now.

She won't support Barbara Lee's resolution against a permanent U.S. presence in Iraq; instead, she votes to allocate funds for permanent bases there.

She disregards last November's election, where 63% of voting San Franciscans passed Prop. N, calling for the immediate withdrawal of U.S. troops from Iraq.

We want Nancy Pelosi to take action to end the war and to use the money--our money--for economic justice at home. We want Nancy Pelosi to actively support an even-handed approach to the fundamental problems in the Middle East.

Join us outside Pelosi's office during the afternoon of Monday, September 26 as one step towards ending the war and building a social movement that can win the hearts and minds of the American people.
